Lyrics

Day and night
I'm Tryin' to hold on with all my might

Start the day with a dance
Hoping today I'll get my chance
But things never go right
I'm Tryin' to hold on with all my might

Sometimes I wanna curse at the boss
But he's a man that you just don't cross
I'm savin' up to get on my bike
And tell this godforsaken town,
To take a hike!

Day and night
I'm Tryin' to hold on with all my might

Day and night
I'm Tryin' to hold on with all my might

99 times I wanna give up

But I gotta give it one more shot
Work and stress - and it's always a lot
But I know one day I'll be hot

So I ain't gonna stop
Whether I gotta jog or hop
I'm gonna be in the light
And you won't get me outta your sight!

Day and night
I'm Tryin' to hold on with all my might

Day and night
I'm Tryin' to hold on with all my might

Lyrics

Ooooh ohh yeah
Yeah yeah
Oh oh yeah
I can't wait to meet her

I'm gonna meet this girl named Rita
All thanks to my friend Peter
He says she's the right gal
And I just can't wait to meet her

I'm brushing my hair
And drycleanin' my suit
I'm feelin' excited
But I can't lie
I'm a bit nervous too

I just hope
I'll know what to do!

Ooooh ohh yeah
Yeah yeah
Oh oh yeah
I can't wait to meet her

Rita's the girl for me, that I know
One day we'll get married, that's for sho'
And I...I'll make her happy
We'll be together, we'll make it snappy

Ooooh ohh yeah
Yeah yeah

Oh oh yeah
I can't wait to meet her

Rita, I love you so much
I go crazy when I feel your touch
Since you came into my life
There's be no trouble, no strife
Now you've become my wife
And all my sorrows have been cut by the knife!

Ooooh ohh yeah
Yeah yeah
Oh oh yeah
I can't wait to meet her

Lyrics

Nothin' special goin' on today
But today's the happiest day
'Cause nothing's ever gonna bring me down
Always gonna smile never gonna frown

I've made my decision
And it's been done with precision
Life's gonna be good
The way that it should

Just be happy today
Just be happy
Just be happy
Life's tough
It's got and ups and downs
But try your best
And just be happy!

Earning a minimum wage
But smiling like a millionaire
Living in a small town
But I got the flair of Times Square

Nobody knows my name
But I don't need the fame
If life's a tough game
I'll be happy all the same!

Just be happy today
Just be happy

Just be happy
Life's tough
It's got and ups and downs
But try your best
And just be happy!

Lyrics

So much to worry about
But I won't be down and out
I'm going to throw my troubles away
I'm going to go out and dance
And nothing will stand in my way

Come on and dance in the streets
Whine and move your waist to the beats
It's time to be happy
And nothing will stand in our way

I just my bottle of rum
Then I'll be out all day in the sun
Don't stay at home
Come out today
Let's forget about work and just play!

Come on and dance in the streets
Whine and move your waist to the beats
It's time to be happy
And nothing will stand in our way

Life is not always easy
But we can always be happy
Let's enjoy each day
And things will always go our way!

Come on and dance in the streets
Whine and move your waist to the beats
It's time to be happy
And nothing will stand in our way

Lyrics

Hey hey hey
I'm goin' to the soda shop
Gonna drink me a vanilla milkshake
Put a nickel in the juke box
Shake to Chucky Berry and Elvis
I'm livin' life like I should
And it's never been so good!

Take me to the fifties
Take me to the fifties
Soda jerks, rock n roll, twistin' all night
It's the golden age!

Take me to the fifties
Take me to the fifties
Take me to the fifties

Lyrics

What oh what do we do now what do we do?
What now my darling, what shall we do now my darling?
Tell me my darling, don't hesitate my darling
What do we do now my darling, what do we do...

We've tried working day and night
Yet every dollar we make goes out of our sight
Last summer you gave me a fright
I struggle to preserve my might
If we can't make it now
I'll go out like a light

What oh what do we do now what do we do?
What now my darling, what shall we do now my darling?
Tell me my darling, don't hesitate my darling
What do we do now my darling, what do we do...

One plus one equals two
Says who says who says who
You want to call it quits
But I can't see us doing the splits

There's still hope my love
Don't fly away like a sad dove
We can keep going and not lose hope
It's a struggle, but we're not at the end of our rope

Let's keep going and we'll make it
And at the end, it'll be worth it...

What oh what do we do now what do we do?
What now my darling, what shall we do now my darling?
Tell me my darling, don't hesitate my darling
What do we do now my darling, what do we do...

Lyrics

Girl I'm gonna pull you in
I'll look after you
You want me outta your sight
But you know I'm right

Don't fight your feelings
I know you're healing
He hurt you bad
But I won't make you sad

Come on with me
Come on girl
Let's get together
Come on girl

I've been 'round the block myself
But now I only wanna be with you
I know it's hard being one
So let's become two

We've both been through a lot
Let's give our love a shot
I know I'll treat you good
Just like a man should

Come on with me
Come on girl
Let's get together
Come on girl

You're changing your mind

I know it's true
You're gonna give me your time
I'll put you in the moood

We'll be happy together
I know that we will
And when you wake up in the morning
I'll be with you still...

Come on with me
Come on girl
Let's get together
Come on girl

Lyrics

You walked out on me
Now you just can't leave me be
When I was down and out
You'd always run your mouth

Now that I've got my gold
You're warm to me, you once was cold
You never cut me slack
And now you want me back

But I'm gone girl
You'll have to take a hike
I'm going on the road
There'll be someone new
Sittin' on my bike

You laughed at me
When I told you my dreams
I'd write my song
You'd fill the air, with your screams

I asked you for time
But you told me I wasn't worth a dime
With a woman like you,
I wonder how,
I didn't turn to crime!

But I'm gone girl
You'll have to take a hike
I'm going on the road
There'll be someone new

Sittin' on my bike

I gave you my best
You never let me rest
All day all night I worked so hard
Livin' with you, I felt so scarred

How I tried, to make it work
Yet my ambitions, you'd always shirk

Now I'm the man
And everyone knows my name
I've got the money
I've got the fame

You want me back

But I'm gone girl
You'll have to take a hike
I'm going on the road
There'll be someone new
Sittin' on my bike

Lyrics

Ooohhhh, why you, why you why you, why you always make me cry girl?
Oh ho, oh no, come on now girl

I took you out to the diner
And then you just walked out on me for a Shriner

I drove you around in my Rolls-Royce
And you said, you said, I could have made a better choice

Ooohhhh, why you, why you why you, why you always make me cry girl?
Oh ho, oh no, come on now girl

Well I'm going to the bar each night
But I can't get you outta my sight

Each night you're there with a different fella
You think I'm dumb, but you're not too clever

Ooohhhh, why you, why you why you, why you always make me cry girl?
Oh ho, oh no, come on now girl

I gave you my best years
But you leave me in tears

Just give me one more chance
And I know, we'll be alright, alright, alright...

Ooohhhh, why you, why you why you, why you always make me cry girl?
Oh ho, oh no, come on now girl

Come on now girl,

Come on

Lyrics

You're stuck in traffic rushing to work
But I'm not worried I'll be on time

Stressing about your daily commute
But I know I'll be on time

Missed the train, now you're going insane
But I know I'll be on time

Get yourself the right watch
And you'll always be on time

Lyrics

Well I'm just a cowgirl looking for my cowboy
And I'm just a cowboy and I've found my cowgirl

We've found each other
And now we know just what to do

After the honky tonk closes
I'll still be dancing with you

We'll be dancing till midnight
And then we'll be dancing more!

Lyrics

Sherry, where did you go girl?
All day, I've been lookin' for you
We had fun last night
So why aren't you in my sight

What did I do wrong?
Why must I sing this song?

Come back come back
come back come back
Sherry come back
come back come back

Sherry, you always give me trouble
Why you, always try to make me humble?

I love you so
From head to toe
But you break my heart
Now I fall apart

Come back come back
come back come back
Sherry come back
come back come back

Sherry, I can't take this any more
Why you, trying to settle an old score?

One and one makes two
I don't need four
I only need you
And that's for sure

Come back come back
come back come back
Sherry come back
come back come back

Lyrics

Sherry, when am I going to see you?

I can't keep waitin' for you

I'm nothing without you
I'm lonely without you

Darling please
Come back to me

Come on come on
Come on come on

[SONG ENDS HERE FOR COMMERCIAL]

Sherry, I wanna go dancing
Like the days, when we'd be romancing

Cuz when you shake
The cars stop their breaks
They all hate to see
A lovely girl,
Like you with me!

Come on come on
Come on come on

Sherry, I can't wait any longer

When you're with me
I feel much stronger

Oh baby, please be mine
We'll have a great time

Let's dance and wine
And leave the past behind

Come on come on
Come on come on

Lyrics

You know I'm tryin' so hard
Nothing seems to work
And I just can't get far
But no matter what
I'm gonna keep on going

Gonna keep on going
Gonna keep on going

Ohh....

No matter what

I'm gonna keep on going!

Sometimes...It seems the sky is falling
And my world, is crashing down!

But when I'm with you
Life doesn't seem too hard!
No matter how slow things get
I feel like I'm in a fast car...

With you.....

So no matter what!

We're gonna keep on going!

We're gonna make it!

And we're not gonna stop!

Till we reach the top!

'Cause when I'm with you...

Life can't be too hard
And I know, we're gonna both be stars!

We're gonna keep on going!

We're gonna keep on going!
